MTARFA
RESPITE SERVICES FOR PERSONS
WITH DISABILITY

THE FOUNDATION FOR RESPITE CARE SERVICE

MISSION STATEMENT

As a non-profit, non-governmental organisation (NGO), the Foundation for Respite Care Services is committed to providing a professional respite service to persons with disability and their families.

OUR HISTORY

In 1990, the need for respite care in Malta was recognised by the National Parents Society for Persons with Disability and in collaboration with the National Commission for Persons with Disability and Rotary Club Malta the Foundation was established.

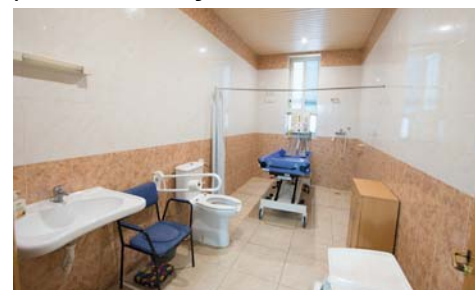

OUR PHILOSOPHY

The philosophy of the Foundation is based on the individual's right to **dignity, respect and privacy**. By adhering to these fundamental principles, we provide a service that enhances the individual's potential and enriches his/her quality of life.

OUR AIM

Our aim is to ensure that families receive adequate support and the necessary respite, so that persons with disability can remain in their family home and continue to live in their community thus avoiding institutionalization. This is done by providing disabled persons with day breaks and residential respite breaks in a healthy and safe environment. Such breaks will give the primary carer the necessary respite to continue with his/her support to their disabled family member, thus reducing stress and possible family crises.

OUR SERVICES

Our services are offered to any disabled person irrespective of their condition or financial situation. Dar il-Kaptan expects clients to contribute financially towards the services offered, however the service is highly subsidised and affordable. Furthermore, it is the Foundation's policy to waive part or all the fees to those families who cannot afford them. The Foundation will do its utmost to ensure that no family will be refused a service because of financial constraints on the part of the family.

RESIDENTIAL RESPITE SERVICE

The Residential services are usually offered as a full week stay, but may be availed of also for only a weekend or overnight stay. In the case of emergencies, such as hospitalisation of the main caregiver, the management may approve longer stays.

DAY SERVICE

The Day service programme is offered to members who do not attend any other day programme and who need respite during the day.

STANDARDIZED CARE SERVICES AND FACILITIES

We take the utmost care to ensure that a personalized service in a friendly and homely environment is given at all times. Our highly qualified team is fully dedicated to their roles, each focused on delivering the very best quality care and service to our clients.
